WE BELIEVE THIS IS A TRUE TESTAMENT TO THE LEVEL OF SERVICE WE PROVIDE.**

INTRODUCTION

Resource Security and Training Australia Pty Ltd (RSTA) is a locally owned and operated security company, based in Redcliffe. Our guarding, banking, patrol, alarm response and training practices produce superior outcomes 24 hours a day, 7 days a week. RSTA has gained extensive experience by providing security services to a broad range of industries. RSTA are supported by a local workforce of full time and casual employees, including numerous licensed armed guards, qualified drug and alcohol testing officers, aviation and maritime certified officers. Our company director Mr Michael Dunne has over 14 years personal and management experience within the security industry and has a comprehensive understanding of the local community. During the course of our daily operations, Michael regularly works with his staff, overseeing their tasks and operational requirements of our clients and business.

MOBILE PATROLS

RSTA Patrol Officers conduct Day and Night random patrol checks in accordance with our guidelines and our client's requirements. These patrols normally include a physical walk around each building, demountables on a premise, checking all windows and doors. RSTA patrol officers complete reports for all site inspections, are trained in the use of most alarm panels, leave patrol calling cards on site and we ensure all areas are locked and secure. Any unauthorized persons found on any premises outside regular hours are challenged for identification.

BANKING SERVICE / ESCORTS

RSTA Banking escort duties involve the efficient collection and subsequent delivery of cash or valuables as required by our clientele. The accountability and safe transfer of cash or valuables is a priority. Escorts can also be provided as a physical security presence to accompany client's staff carrying cash or valuables. Guards carrying out these services must adhere to strict operating procedures that conform to Cash in Transit insurance policy requirements.

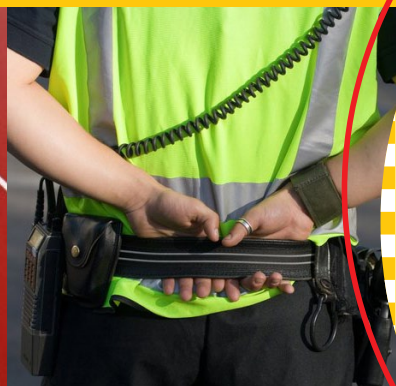

GUARDS

RSTA Static Guards can be supplied as an ongoing security presence for a specific occasion or function, where they are assigned to stay on site fulfilling security, safety and other requirements.

BENEFITS

- >>> Intercept loiterers and deter offenders
- >>> Reduce risks and theft
- >>> Reduce insurance cost
- >>> Staff escorts
- >>> Tax deduction
- >>> Incident management and site reports
